crafts·man·ship

/ 'kraf(t)sman, SHip /

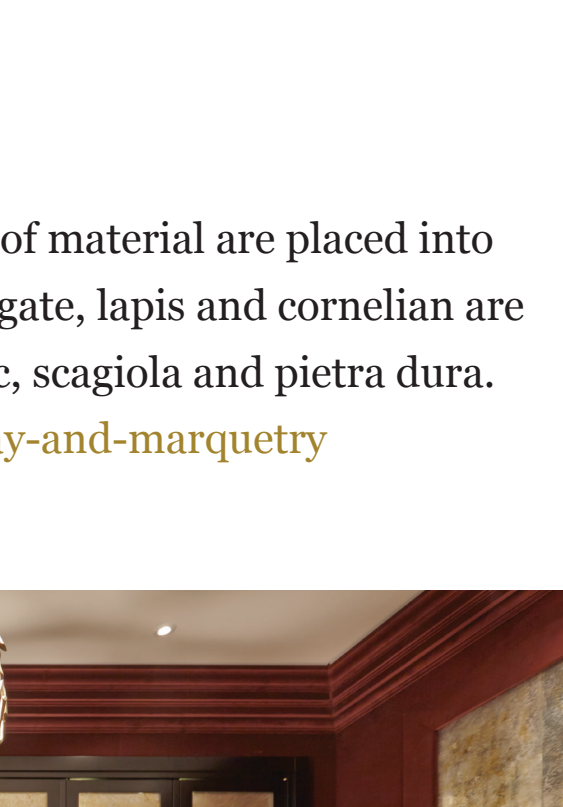

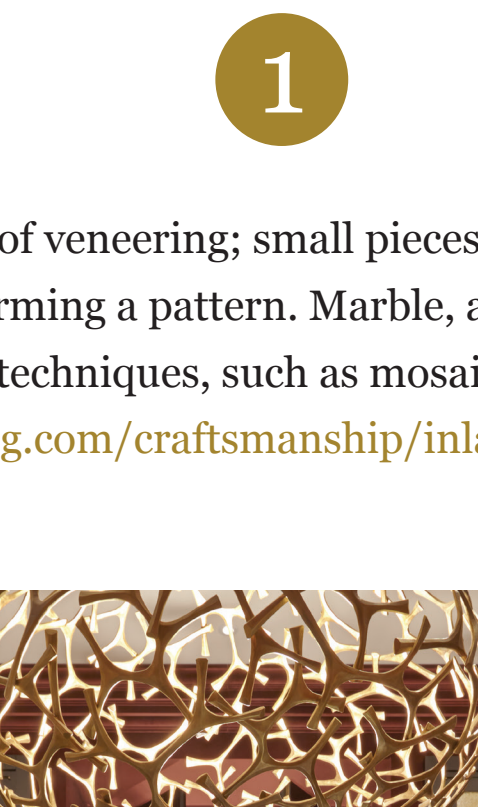

noun

1. the quality of design and work shown in something made by hand, artistry. "a piece of fine craftsmanship"

"Gosling designs are synonymous with exquisite craftsmanship. I follow the creation of our designs with a forensic level of detail, so what a joy to work with a filmmaker on 'The Process' film. To watch from a director's viewpoint was like witnessing a magical art form. The Process headlines the new Gosling website designed to envelop you in our creative world."

1

Inlay is an extension of veneering; small pieces of material are placed into precision cut spaces forming a pattern. Marble, agate, lapis and cornelian are used for inlays using techniques, such as mosaic, scagliola and pietra dura.

2

Gosling uses glass for its impression of light and air. Verre églomisé is a decorative technique, the back of the glass is gilded with gold or metal leaf and sanded down. Often a design is then etched into the gilding.

3

Tim has an enduring fascination with gold, the two main types of gilding for architectural and furniture decorations are oil or mordant and water gilding.

4

Carbon fibre is lightweight, durable and cool to touch, making it the perfect material for the marine industry. Gosling is pushing the boundaries of its use for super yacht furniture. Look out for Gosling's trademark carbon fibre pinstripe and teak inlay.

5

We are pioneering the use of tattooing on vellum with a laser printer and vellum ink. Unlike leather, vellum shows its true surface and this coupled with the tattooing creates an exceptional finish.

6

It was a full house for the BIID Masterclass in Drawing. Under Tim's watchful eye, designers were able to discover the art of drawing for interior design.
