We're not letting the Grinch steal Christmas

"During the Great Depression of the 1930's a design movement emerged creating some of the most iconic landmarks in the UK. Economic challenges drive us to be even more creative. I am excited to share some of Gosling's plans and collaborations for 2023." Merry Christmas!

Tim Gosling

Nell Gwynn House

Nell Gwynn House is a magnificent example of Art Deco architecture which emerged from the Great Depression. Gosling's Phil Sturdy was privileged to redesign and restore this iconic landmark.

The Apothecaries' Hall

The Apothecaries' Hall is amongst the finest Livery Halls in the City. Gosling was commissioned to remodel the historical entrance through the original 'shop'. Photis Photi created a Champagne Bar, which doubled as a 'Pill Rolling' surface for Apothecaries' workshops. The project required opening up a Tudor wall, very intricate work using only hand tools and historically relevant materials.

Little Venice

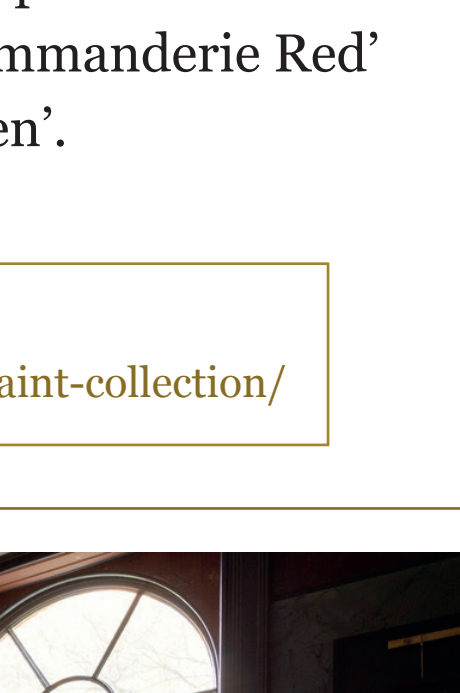

Annoushka Lefeuve headed up the Gosling Interior Design team to deliver this magical home created for a client in Little Venice. Working with a great team of architects we created many bespoke pieces, including this full height gilded bed that created a room within a room.

Graphenstone

What a gift for Tim to collaborate with Graphenstone to produce the Restoration Chateau Paint Collection. The 12 colour collection ranges from a muted, pastel 'Celestial Blush Unseen' to a strong, vibrant 'La Commanderie Red' and the historic 'Trellis Green'.
